- b. Damaged slings or nappies or missing components will be assessed and charged on a case by case basis.

10. Safe Use of Slings

- a. All slings are extremely safe when used properly, however misuse can cause injury to yourself or your child. It is the responsibility of the

Borrower to ensure that the sling is used correctly and that the baby or child is safe at all times when using the sling.

- b. The Lender cannot be held responsible for any accident that results in injury or death whilst the sling is in the Borrower's possession.
- c. The Lender recommends the Borrower follows the TICKS guidance for safe babywearing. A copy is available on our website and on the back of our flyers (handed out at each library session).
- d. For convenience, links to web page or pdf copies of instructions for safe use for all of our carriers may be found on the sling info section of our website (www.storkandthebees.com).
- e. The borrower must read/watch all the safety, use and care instructions provided before use. Carriers must only be used in accordance with the manufacturer's instructions, though where there is a choice we may recommend particular carrying methods and positions.
- f. We suggest that after familiarising yourself with the instructions given you then practice using the carrier with a doll/teddy or cushion/pillow so that you get used to the tying/fastening/adjusting methods.
- g. Always ensure that you seat your child correctly in the carrier and check any knots/fastenings regularly as children do not stay still and straps and wrap passes can move or become loosened.
- h. If you feel any pain while carrying your child, change the carrying position or remove the carrier.
- i. If you are unsure about anything you read in the instructions, are not sure what you're doing or are at all concerned, please ask us. We can point you in the direction of lots of helpful sites to give you tips to make sure you're getting the best out of the carrier and using it safely.

11. Condition of the Items

- a. All items are checked before lending to ensure they are in good condition and working order. The Borrower may check the condition of the items prior to the start of the hire.
- b. It is the Borrower's responsibility to check over any slings before every use. Check all the buckles, hems and seams ensuring that there are no tears, breaks, cracks or holes. If any damage is discovered, please do not use the sling and contact the Lender immediately.
- c. The Borrower will be liable to cover any costs incurred if the item is lost or damaged beyond normal wear and tear. Charges for lost/missing components will be equal to retail price of the item or missing component (including any postage costs). Charges for items damaged beyond normal wear and tear will be judged on a case by case basis.

12. Care of slings

- a. Under no circumstances is smoking permitted whilst wearing or holding the sling. Please inform the Lender if you (the Borrower) are a smoker or if there is a smoker in your home as we will need to carefully launder the sling after it is returned. Smoking is known to increase the risk of SIDS,

and these risks have also been linked to babies being in close contact with clothing or objects contaminated with smoke particles.

- b. We cannot guarantee that there are no marks or hairs on the slings we lend. The Lender will do their best to ensure that the slings are as clean as possible before hire. Slings are spot-cleaned often, and laundered only if necessary.
- c. Please avoid washing the sling, though do spot clean any marks when they occur using washing up liquid and water. If you feel it is necessary that the sling is cleaned while hired to you please contact the Lender first for advice.
- d. The Lender cannot guarantee that there are no animal hairs on the slings. We do ask that all slings are kept away from pets to minimise this possibility. If you or your baby are allergic to animal hairs, please request that the sling be laundered before you borrow it to help reduce any potential reaction.
- e. Food and posset marks are expected when carrying children, but please keep the sling away from anything that may stain it more permanently (including but not limited to pens, paint, oil, suncream etc.), or anything that may damage it (including but not limited to scissors, velcro, keys, fire, jewellery, etc.). Otherwise you will be charged the cost of damage beyond normal wear and tear.

13. Care of Cloth Nappies

- a. All nappies should be returned washed and dry.
- b. All nappies are washed at 60 degrees and disinfected between loans.
- c. Please always follow the instructions given in the [UK Nappy Network Washing Guide](#) when washing and using the nappies. Please do not use stain removers.
- d. To extend the life of the nappies and reduce staining, the Borrower is required to use a liner (fleece or paper) each time a nappy is used, and place it next to baby's skin. All nappies are loaned with a fleece liner.

14. Miscellaneous

- a. All items remain the property of the Lender at all times.
- b. These terms and conditions apply to each and every hire.
- c. The Lender reserves the right to amend these terms and conditions without notice to the Borrower. Any such amendments shall be effective once the revised terms and conditions have been published to <http://storkandthebees.com>, and it shall be the Borrower's responsibility to check for any such amendments.
